Ex. No: 2	Checklist for reporting cyber crime online
Date:	

Aim:

To understand and demonstrate the procedure for reporting cyber crimes online through the official cyber crime reporting portal, and to familiarize students with the required information, evidence collection, and legal process involved in online cyber crime reporting.

Procedure:

1. Gather Evidence

Print screenshots of the phishing email or message (full page and zoomed views), save the original email file (.eml) if possible, copy the suspicious URL, preserve email headers, and export any chat logs. Record exact timestamps and device information.

2. Identify the Nature of Cyber Crime

Confirm that the incident is a Phishing Attack (email/SMS/website impersonation to harvest credentials or financial data).

3. Preserve Digital Evidence

Save all files on a secure external drive and calculate simple hashes (MD5/SHA1) or note file sizes and timestamps to demonstrate integrity. Do not edit or forward the original message from the compromised address.

4. Note Incident Details

Record date, time, sender address, sender display name, subject line, received IP (from headers), the exact malicious URL, and the action the message requested (login, payment, OTP).

5. Visit the Official Cyber Crime Reporting Portal

Open the National Cyber Crime Reporting Portal using a web browser.

6. Register / Log In to the Portal

Create an account using a valid mobile number and email ID, or log in if already registered. Complete OTP verification.

7. Select Appropriate Complaint Category

Choose the relevant category such as financial fraud, cyber harassment, social media crime, or other cyber offenses.

8. Fill in the Complaint Form

Enter personal details, incident description, accused details (if known), and upload supporting evidence

9.Provide Financial Information (If Applicable)

Enter bank details, transaction ID, UPI ID, amount lost, and date of transaction in case of financial cyber fraud.

10. Review the Complaint

Carefully verify all entered information and uploaded documents for accuracy.

11. Submit the Complaint

Submit the complaint through the portal and note the acknowledgement / complaint number for future reference.

12. Track Complaint Status

Use the acknowledgement number to check the status of the complaint online

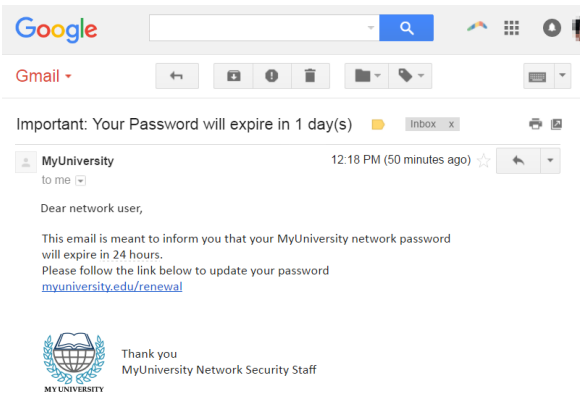
13. Follow Up with Authorities

Respond promptly to any communication from the cyber crime cell and provide additional information if requested.

Execution:

1. Evidence Collection – Malicious Advertisement Spamming

Capture full-page screenshots of the phishing email, capture the browser page of the fake login site, save the email as an .eml file, copy the malicious URL into a text file, and export email headers. Back up all evidence to an external drive with a timestamped folder.



a) Screenshot of malicious Advertisement

2.Type of Cybercrime

Type of cybercrime: **Phishing Attack** (email impersonation of a bank/financial service to collect credentials)

3.Preserve Digital Evidence

- Original email file saved as `phishing_email.eml`.
- Full email headers copied to `email_headers.txt`.
- Screenshots saved as `screenshot_email_full.png`, `screenshot_email_zoom.png`, and `screenshot_fake_site.png`.
- URLs saved in `malicious_urls.txt`.
- Copies stored on an external drive and cloud backup (read-only).

4.Note Incident Details

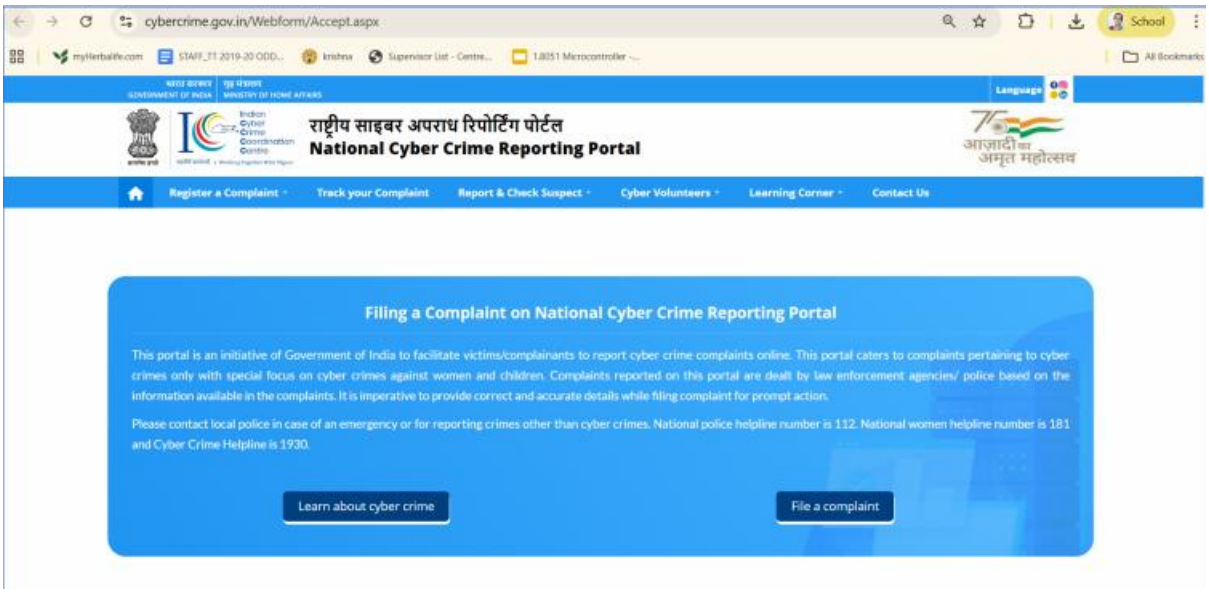
Record details of the incident:
Date: 11.08.2019
Time: 5.29 am
Platform used: Online

Email Phishing Description

The email appeared to be sent from an unknown sender posing as a trusted entity. It urged immediate action and included a malicious link designed to collect login credentials. Screenshots of the email header and content have been preserved as evidence.

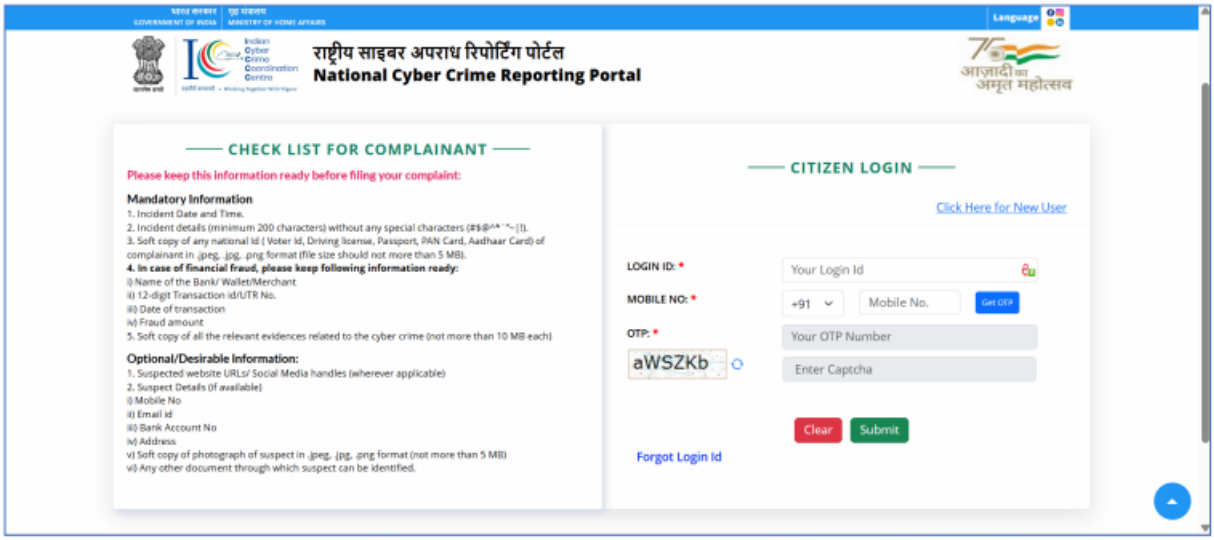
5.Visit the Official Cyber Crime Reporting Portal

Open the National Cyber Crime Reporting Portal using a web browser.



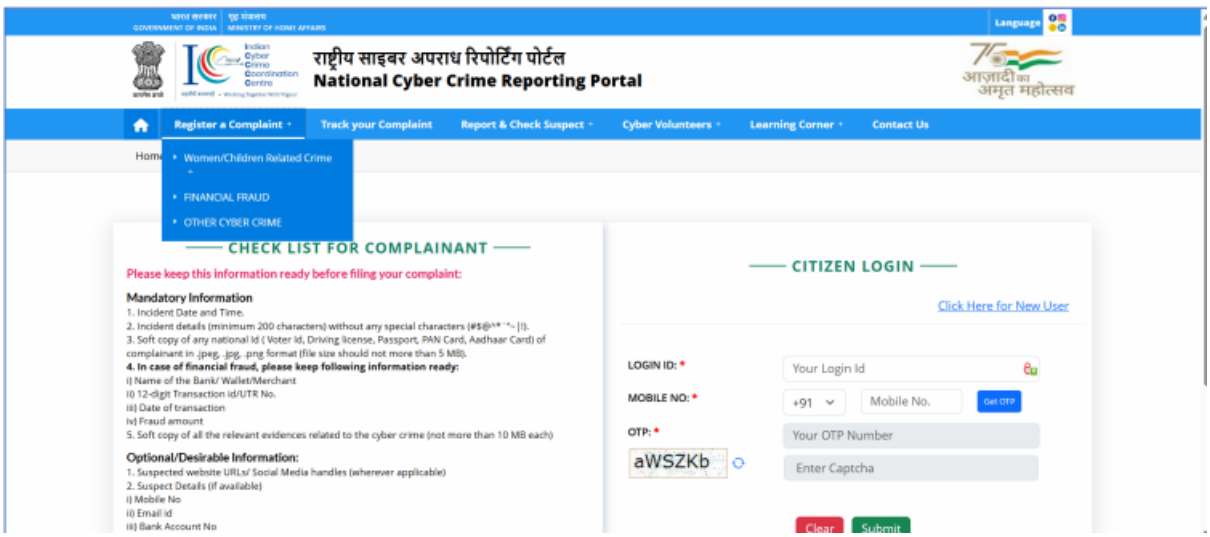
6.Register / Log In to the Portal

Create an account using a valid mobile number and email ID, or log in if already registered. Complete OTP verification.



7. Select Appropriate Complaint Category

Choose the relevant category such as financial fraud, cyber harassment, social media crime, or other cyber offenses.



8. Fill in the Complaint Form

Name of the Person: kkkkkkkkkkkk

Incident Description: E mail phishing attack

Supporting Document: uploading screenshot

9. Provide Financial Information (If Applicable)

Enter bank details, transaction ID, UPI ID, amount lost, and date of transaction in case of financial cyber fraud.

Not Applicable

10. Review the Complaint

Reviewed the accuracy of compliant

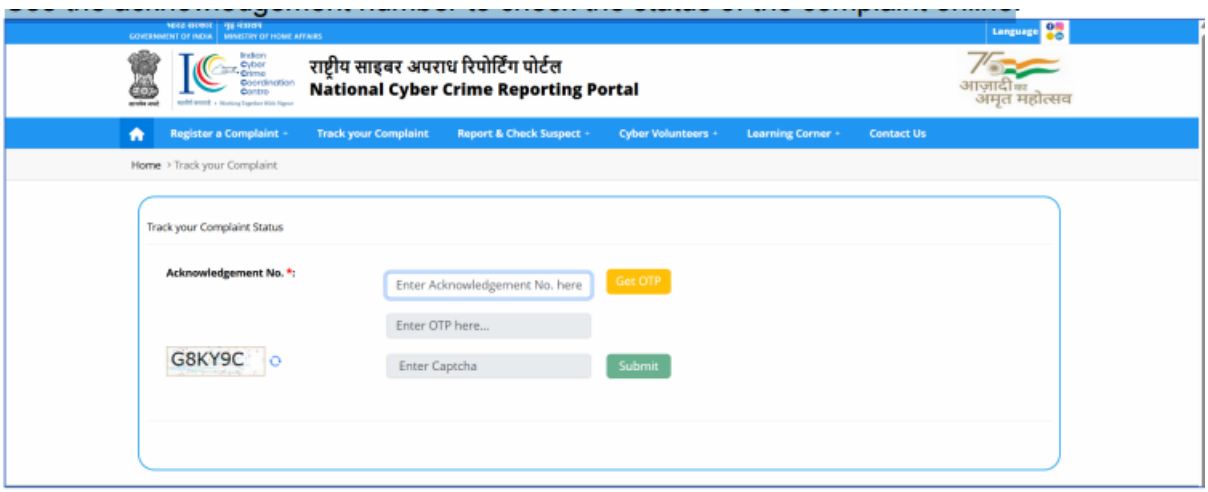
11. Submit the Complaint

Submitted the complaint through the portal and received the acknowledgement / complaint

number : ABC1474147

12. Track Complaint Status

Use the acknowledgement number to check the status of the complaint online



13. Follow Up with Authorities

Respond promptly to any communication from the cyber crime cell and provide additional information if requested.
